Autumn Ambles are designed to be accessible for as many as possible. The walks will be approximately 6-7 miles in length with perhaps 1500 – 2000ft of climbing. Hopefully views will be good and the company excellent. They will only require normal walking gear (e.g. boots, waterproofs)

Scrambles are more challenging up to 10 miles and 3000ft with some scrambling/easy climbing en-route. They may require the use of additional equipment for safety reasons (e.g. helmet, harness, rope)
