Saturday meets may move to Sunday or be postponed/ cancelled according to weather conditions. Routes may also be adapted accordingly.

Members are welcome to add informal meets via WhatsApp to take advantage of any good weather/good conditions.

Winter Walk are designed to be accessible for as many as possible. The walks will be approximately 6-7 miles in length with perhaps 1500 – 2000ft of climbing. Hopefully views will be good and the company excellent. They will only require normally walking gear (eg boots, waterproofs)

Scrambles are more challenging up to 10 miles and 3000ft with some scrambling/easy climbing en route. They may require the use of additional equipment for safety reasons (eg helmet, harness, rope)

Winter Mountaineering are aimed to be the full Scottish Winter Experience. Winter Walking into the high mountains, Mountaineering or Winter Climbing Routes are encouraged for these meets. Accommodation is normally booked once numbers are more confirmed and costs agreed. Full Winter Mountain Gear is required.
